HSC RESULTS

Class of 2025

Congratulations Class of 2025!

Ms Diana Drummond
Head of School

Ms Yura Totsuka
Deputy Head of School (7-12)

Dr Stanley Tang
Director of Studies

It is with deep pride and gratitude that we acknowledge the achievements of our graduating Class of 2025.

The journey of these Year 12 students reflects the essence of a Glenaeon education, one that nurtures the whole human being. Throughout their years of learning, this cohort has engaged thoughtfully with questions of meaning and purpose, while meeting the challenges of the HSC with commitment, perseverance, and integrity.

The breadth of subjects undertaken speaks to the diverse interests, capacities, and gifts within the Class of 2025. Their achievements across academic, creative, and practical disciplines are a testament to a holistic education that seeks not only knowledge, but wisdom; not only achievement, but courage; not only success, but heart. As a non-selective Steiner school, we are proud to support every student to complete their schooling with an HSC credential, grounded in self and ready to act in the world.

These accomplishments have been made possible through a strong and caring community. I extend my sincere thanks to our dedicated teachers and staff for their guidance and commitment, and to our parents and carers for the trust and encouragement they have offered along the way. Together, we have supported these young people to grow into thoughtful, capable, and compassionate graduates.

To the Class of 2025, we offer our heartfelt congratulations. May you step forward with freedom of spirit, confidence in your abilities, and a deep care for the world you will help to shape.

Diana Drummond
