

CARVE A SPOON

Enjoy a day of happy slowness.

Join the expert Spoonsmith, Jeff Donne, for a hands-on exploration in the traditional art of carving wooden spoons from a tree. Start the day with a responsibly sourced log and under Jeff's guidance, safely and unhurriedly, turn it into a beautiful wooden spoon using an axe, a knife and your hands.

It's pure analogue bliss!

Talk about the fun that can be found in foraging for sticks and logs in the woods, and the value of preserving old crafts. All tools and materials are provided and absolutely no experience is needed. All you need is a willingness to create and enjoy.

Learn about the joys of falling into spoonmaking meditation

This is a one day workshop that runs on Saturday 29th and this is repeated on Sunday 30th June

When: 29th or 30th June

Venue: Glenaeon Middle Cove Campus, Technology Workshops

Time: 10am – 4pm (ONE DAY WORKSHOP)

Cost: \$110 each participant

Ages: Under 16's can share the experience with a parent/guardian, over 16s can participate on their own.

Numbers are limited to 10 participants each day.

What to bring: The workshop fee includes all materials, tools for use and safety aprons. Participants only need to wear covered shoes and a smile. BYO lunch, or pick up lunch and coffee from a local cafe. **For booking please contact the Middle Cove reception. Specify either the Saturday or Sunday workshop, add your personal details and payment.**
