

March 23rd 2020

Dear Parents and Carers,

As you will be aware, the NSW Government has today recommended that school students be kept at home where possible to contain the spread of COVID-19.

Glennaeon is following this advice and while our campuses will remain open, we encourage students to remain at home from tomorrow. We understand this arrangement may not be possible for some students, and want to assure parents that students who need to come to school because their parents work in essential services will be welcomed and provided with high quality, socially distanced care. Teachers will maintain continuity of learning experiences for students at school, and at home via GLO, working from common units of work. Glennaeon campuses will remain open until the last day of Term 1 on April 8th.

In order to facilitate our in-school arrangements, we urgently need to know if you will be sending your child to school from tomorrow until the end of Term 1. Please complete this form as soon as possible and by COB today at

latest: https://forms.office.com/Pages/ResponsePage.aspx?id=k8Mkc2-VU0Sfh_wmck7R9ec4vHZ12edMmMJ5ggkeQtpUQTBBVVAzWVhWS05YUklGWUE2Qki5VEwzWC4u

Some families whose children have not been at school recently may need to come to school to collect books, pencil cases and other learning materials.

- Primary school families should drop in during the school day on Tuesday 24th March and
- High school families should come to school on Wednesday 25th March to retrieve these items.

If you have students in both sections of the school, please come on either day.

With best wishes,

Andrew Hill
Head of School
