| Product | Size | Price | Description |
|-----------------------------------|----------|------------|--|
| Blood & Bone | 25kg bag | \$53 / bag | Premium grade organic based slow release fertiliser. Suitable for all garden plants, including exotics and natives. Provides nitrogen for healthy leaf growth and phosphorus for strong root development. |
| Bounce Back Pellets | 20kg bag | \$21 / bag | Concentrated organic fertiliser consisting of composted, bio-degraded poultry manure. Pellets make uniform spreading easy, efficient and supply nutrients slowly. |
| Banana Special | 20kg bag | \$40 / bag | Proven formulation suitable for vegetables, flowers, fruit trees and general purpose fertilising with an organic base. Contains essential nutrients, including organic nitrogen and phosphorus for healthy growth in a wide range of garden situations. |
| No.17 Lawn Food | 20kg bag | \$44 / bag | It is a proven, well balanced fertiliser, suitable for all grasses and turf types. It contains additional trace elements to promote a healthy green lawn. |
| Azalea & Camellia Food | 20kg bag | \$45 / bag | Suitable for acid loving plants such as Azaleas, Camellias, Daphnes & Gardenias. A fast acting and easy to use complete balanced fertiliser, it promotes vigorous, healthy growth and high quality blooms. |
| Fruit & Flowering Food | 20kg bag | \$44 / bag | Ideal for all types of fruit trees and flowering plants. Contains a complete range of essential nutrients including potassium which is essential for fruit and flower development. |
| Native Plant Food | 20kg bag | \$44 / bag | Specially formulated low-phosphorus native plant food blend that provides essential nutrients for fertilising a wide range of Australian native plants, trees and shrubs which exhibit sensitivity to phosphorus including Banksias, Grevilleas, Waratahs, Gums etc. |
| Sudden Impact for Roses | 20kg bag | \$67 / bag | Ideal for all flowering plants except natives and bare-rooted roses. Granular form and Organic based. Will help you achieve more and longer lasting blooms. |
| Sudden Impact for Lawns | 20kg bag | \$65 / bag | Ideal for all lawns and non-flowering plants. Pellet form and organic based. Its organic base provides a full range of plant nutrients in a slow release form. |

|--------------------------------|--------------|-------------|---|
| Seamungus | 20kg bag | \$30 / bag | Manufactured from fish, seaweed humic acid and manure. Can be used on all plants all year round. Great winter fertiliser. Ideal for planting new plants. |
| Pine Bark Mulch | 60 litre bag | \$20 / bag | An attractive timber mulch for landscaping garden beds and pots. It is screened and graded to ensure consistent sized chips and is effective in reducing weeds and helping to retain moisture in soil. |
| Red Chip Mulch | 60 litre bag | \$20 / bag | Used for mulching garden beds, pots, trees and shrubs. This mulch is best used as a protective barrier that assists in reducing weed growth in garden beds. It will break down over time, adding organic matter and nutrient value to the soil. |
| Martins Tea Tree Mulch | 60 litre bag | \$20 / bag | A dark fibrous mulch made from the by-product of the tea tree industry. Fresh fragrant aroma. Repels snails and slugs. Adds organic material to soil. Long lasting decorative mulch. Bale covers approx 5 sq.m. |
| Premium Potting Mix | 30 litre bag | \$17 / bag | Premium Potting Mix with controlled release fertiliser and water storing granules. |
| Composted Cow Manure | 30 litre bag | \$19 / bag | All-purpose organic fertilizer suitable for trees, shrubs, lawns, vegetables and flowers. Helps with soil preparation and enriching soil in need of rejuvenation. |
| Virgin Sugar Cane Mulch | Bale | \$25 / bale | Most popular garden mulch. Provides organic matter to the soil, encourages earthworm activity which improves soil condition and is excellent to use on fruit trees and general gardens. Light in colour & texture made from tops & leaves of sugar cane. Bale covers approx 9 sq.m. |
| GoGo Juice | 1 litre | \$19 | Combines the 'catalytic' power of the billions of beneficial bacteria, with kelp, seaweed, fish, humic acid & manure. A liquid probiotic for all your soil and plants. |
