

Year One Knoxigations Inquiry Reflection

Can you tell us about a family tradition? Explain what it is? When does this happen? What do you do as part of the tradition? How has it been passed on from family members?

(e.g. My family comes together every Sunday night to share a roast dinner together. We all help cook the meal and sit at the dining table together. No phones, tv or iPads are allowed. This is a time we connect with each other and share stories about our week.)
