UNIVERSITY

The University of Sydney - Which music degree is right for me?

Tuesday 24 November, 5-6pm

Are you considering studying Music, but unsure of which degree to choose and what careers it could lead to? Studying music at the Sydney Conservatorium of Music can lead to many careers from performing in orchestras, conducting operas, teaching music in schools, playing in rock bands or composing film scores: https://uni-sydney.zoom.us/webinar/register/WN_bMlcMc12RF-CpNcNzs217q

The University of Sydney - Commerce or economics: which degree for me?

Wednesday 25 November, 5.30-6.40pm

The world needs experts with the problem-solving, analytical and critical thinking skills of business and economics graduates to tackle the challenges of an ever-changing society. Gain the hands-on experience to develop into resilient future leaders. But what's the difference between these two degrees? https://uni-sydney.zoom.us/webinar/register/WN_DummlbnRKu-BcPThnuzZw

STEM at University of Sydney

STEM courses open up a world of opportunity

As new fields of STEM employment continue to emerge, it's important for today's graduates to be agile and able to adapt their skills to this fast-changing global economy.

What can I do with a STEM degree?

The range of STEM careers is broad and diverse, from biomedical engineering and software development to psychology and accounting. Our graduates are leading varied and fulfilling careers - we've taught Australia's first astronaut, an Antarctic explorer, a chief scientist and a Nobel laureate.

The future is looking bright for tech innovators and critical thinkers, and our degrees can help you get an edge over the competition.

Our purpose-built labs, teaching and learning hubs are home to the latest technology and equipment, providing you with an engaging and hands-on educational experience. Find out more about the [Faculty of Science](#), [Faculty of Medicine and Health](#) and the [Faculty of Engineering and IT's](#) laboratories and facilities. <https://www.sydney.edu.au/study/study-options/undergraduate-courses/study-stem.html>

Enter the world of Women in Engineering at the University of Sydney

Creating the perfect environment for STEM's future female leaders

More women than ever are choosing to study engineering and computing at the University of Sydney, and it's easy to see why. With scholarships for women, high school outreach programs by girls for girls, female

student societies and high-calibre female lecturers and researchers, it's no wonder the proportion of undergraduate female students at the University of Sydney is double the national average.

University of Sydney - Current School Leavers - University Bridging Courses Online January and February 2021

Biology, Chemistry, Mathematics Ext 1, Physics

These 5- to 7-day courses are ideal for students wanting to enter a University degree that requires assumed science knowledge that they did not complete in the HSC.

Please note: bridging courses do not satisfy the mathematics prerequisite. For relevant advice please see the heading 'What if I don't meet the maths prerequisite?'

CSU - New for 2021 – Bachelor of Environmental Science and Management (with specialisations)

We've combined three of our environmental science related courses into one – offering a three-year degree that's been designed in partnership with employers – giving you the ultimate skill set.

You'll get foundational knowledge of environmental science, job-ready skills, and an in-depth understanding of a specialisation that fires up your imagination.

Choose from one of the following specialisations: Applied Earth Science, Aquatic Ecosystems, Climate and Sustainability, Ecology and Conservation, or Parks, Recreation and Heritage.

Study either online or via blended learning (combining on-campus and online study) at Albury-Wodonga or Port Macquarie. You can also opt to fast-track your course, so if you choose to exit early, you receive a qualification after each completed year.

The Grove Studios Academy, Careers in Music – Central Coast

Diploma of Music Industry (Sound Production) operates for one year over four terms

The course provides students with skills and knowledge required to further their abilities and career opportunities in the areas of Music & Sound Production in the music industry.

<https://thegrovestudiosacademy.com/courses/diploma>

Advanced Diploma of Music Industry is a six month course that is designed for students that have already gained the CUA50815 Diploma of Music Industry at the Grove Studios Academy. This will have given them a number of Unit Credit Transfers.

Designed to flow on from the CUA50815 Diploma of Music Industry (Sound Production) course, the CUA60515 Advanced Diploma of Music Industry focuses on taking fundamental skills and developing them into advanced creative tools. The Advanced Diploma is less about classroom based assessments and instead requires students to complete their own works in their own time. The freedom for students to do what they want is also increased with added flexibility to assessment outlines and self paced achievement

Australian College of Applied Psychology –Information Sessions

Social Work Information Session 6pm (AEDT)

25 November. 6.00pm

You're passionate about making a positive difference in your community. Whether it's working in government, developing social policy, being hands-on in Australian communities or international organisations, your passion for helping others will pave the way for any rewarding health and welfare career as a Social Worker.

Counselling Information Session 7pm

25 November

You care about people and want to help create more positive change in this world. Studying counselling at ACAP gives you deep insight into how we think and act and why, and ways to help others develop better self-awareness for a more positive path in life. You'll graduate with the practical skills and strategies to successfully explore a career in contemporary counselling, including how to support individuals, couples, families or groups, considering the cultural and social-political context in which they live and how this may affect them.

Criminology Information Session 6pm

26 November

You want to do your part in keeping our society safe, which includes understanding the minds of offenders. Our criminology courses give you deep insight into why we behave the way we do, and the effect our justice system has on our future actions. Understand our criminal justice system and its relationship to our community. Get inside the minds of criminals to understand reasons behind criminal behaviour and how criminal law and social control fits into our justice system.

Psychology Information Session 7pm

26 November

You're intrigued by the human mind, and how our immediate environment affects our thinking and actions. Our psychology courses give you deep insight into why we think and act the way we do, with an understanding of the connection between an individual, society and culture.

Torrens University – Speaker Series

To 10 December

Torrens University welcomes you to our exclusive annual Speaker Series. A great mix of industry experts and star guests will join us to cover topics as diverse as mental health awareness, the role of sport in communities, the rise of sustainable fashion and the path to recovery for our tourism industry.

<https://www.torrens.edu.au/about/events-and-workshops/speaker-series-2020>

Hospitality & Tourism Experience Speaker Series 2020

12 November

It is fair to say that Australia's hospitality and tourism industry has endured a difficult 12 months. Looking to the future, our expert panel will assess the impact of bushfires and COVID-19 and consider the pathway to recovery.

Joining us will be Stuart Ayres MP, NSW Minister for Jobs, Investment, Tourism and Western Sydney, alongside Jerome Casteigt, General Manager of the Business & Hospitality Faculty at Torrens University, and Grace Brennan, creator of the hugely successful #buyfromthebush campaign. We are also delighted to welcome back to Torrens University a very special guest, award-winning chef and TV host, Manu Feildel. Register your details to join the conversation live from the comfort of your own home.

<https://www.torrens.edu.au/speaker-series-2020-hospitality-tourism>

Sport & Business Experience Speaker Series 2020

19 November

Australia's reputation as a nation of sports lovers is well established, and what happens off the field is now almost as important (and controversial) as what happens on it. Legendary sports journalist Tim Gilbert will oversee a star-studded panel – our very own Craig Foster, Adjunct Professor of Sport & Social Responsibility at Torrens University, alongside his brilliant former SBS co-host Lucy Zelić once again. Also joining us, the iconic Adam Goodes, former Australian Cricket Captain Michael Clarke, Paul Harragon, also known as 'The Chief', Caitlin Bassett, World Cup-winning captain of the Australian Diamonds netball team and Joel Thompson, Manly Sea Eagles player and founder of The Mindset Project.

Quite possibly the best sports panel you will see all year, so register your details to join what will be a fascinating debate.

In conversation with Todd Sampson Experience Speaker Series 2020

26 November

After completing an MBA and enjoying a successful career in advertising, Todd Sampson transferred his talents to TV as a part of ABC show 'Gruen'. Since then, he has written, produced and starred in award-winning shows 'Redesign My Brain' and 'Body Hack', pushing his mind and body to limits of human endurance in the name of science (and entertainment).

Away from the screen, he is the co-creator of Earth Hour, served on the boards of Fairfax Media and Qantas, and also found time to climb Mt Everest".

Join us as Todd talks through his career, his adventures in front of the camera, and what drives him to push the boundaries of human endurance.

<https://www.torrens.edu.au/speaker-series-2020-brain-power>

Fashion Experience Speaker Series 2020

10 December

We are thrilled to welcome two of the industry's biggest names to join us – Alex Perry and Pip Edwards. Alex needs no introduction, having been one of world fashion's biggest names for almost 3 decades. He has dressed the likes of Jennifer Lopez, Megan Gale, Elle Macpherson, Linda Evangelista and Jennifer Hawkins. Alex is also a regular on our TV screens through shows such as Project Runway and Australia's Next Top Model.

Pip Edwards burst onto the scene as co-founder of streetwear brand P.E Nation, having previously worked as a designer for sass and bide and Ksubi. With a list of fans including Margot Robbie, Cate Blanchett and the Kardashians, Pip is firmly established as one of Australian fashion's most influential figures.

GENERAL

Australian Federal Police - Entry Level Recruit - Policing and Protective Service Officer Recruitment 2020

Apply by 18 December 2020

The AFP is interested in attracting individuals who are up for the challenge – both physically and mentally for our entry level recruit – Police Officer and Protective Service Officer roles. If you want to give back to the community, align with our core values of integrity, commitment, accountability, fairness, trust and respect than you are strongly encouraged to apply.

What is a Protective Service Officer?

Protective Service Officers deliver protective security and first response capability to protect Australia's interests.

As first responders, PSO's assess the appropriate law enforcement response for the situation, report and collate relevant data and maintain cooperative relationships with stakeholders and the public when protecting people, assets and critical infrastructure such as Parliament House and key Defence sites. Protective Service Officer (PSO) work in AFP Stations in capital cities and remote locations as well as at major Australian airports across Australia, however no PSO opportunities are available in Tasmania.

What does a Police Officer do?

Policing opportunities exist within ACT Community Policing based in Canberra.

ACT Community Police Officers are responsible for providing public safety within the ACT and are alert, equipped and ready to respond to any threats of violence in the Nation's Capital.

ACT Police are a first point of contact for the public requiring police assistance and will be required to investigate breaches of the law, assess evidence and interview witnesses over the course of investigations. ACT Community Police have a genuine interest in servicing the community in roles such as general duties, community safety, criminal investigations, traffic operations and intelligence.

As an ACT Community Police Officer, you can expect to attend incidents involving many crime types, such as; homicide, assault and other offences against a person; robbery and burglary; vehicle theft and property damage and other offences including deception, weapon, drug and public order offences.

Please Note: At times opportunities may exist for police recruits to be deployed to our state commands ie. Eastern Command (Sydney), Southern Command (Melbourne).

Am I eligible?

Although we welcome applications from all, to progress through this process you must:

- be an Australian citizen;
- be 18 years of age or older. If you are not yet 18 - don't worry you can still apply, but you will be unable to progress until your 18th birthday;
- have a minimum Year 10 Certificate with Cert IV/Diploma or Trade level qualification/Certificate. University level qualifications are welcomed;
- hold a valid Australian driver's licence (P Plates are accepted however if you have a learners licence please apply once you have your provisional licence).

The Live Sentence A free webinar for budding writers

Wednesday November 11. 11.30am

1-1.5 hours, depending on audience questions

Great writing is made of lively, muscular sentences. But what are the elements of a good sentence, and how do they work?

Join critic, teacher and writer Tegan Bennett Daylight (lecturer) and novelist Charlotte Wood (writer in residence) for a discussion of how to improve your writing with energetic, fresh, engaging language.

This webinar is supported by the Copyright Agency's Cultural Fund as part of the Charlotte Wood's residency at the University of Notre Dame, Sydney.
