UAC webinar: Applying for the Educational Access Scheme

3 Nov 2021. 6pm

The Educational Access Scheme can help students who have experienced long-term disadvantage get to university. We'll show you how to apply, run through the application deadlines and give answers to the most commonly asked questions.

<https://uacdigital.easywebinar.live/eas>

UAC webinar: The Schools Recommendation Scheme, Course Preferences and Offers

10 Nov 2021. 6pm

Applied for the Schools Recommendation Scheme? Learn about key dates, listing course preferences and what to do once you receive an offer.

<https://uacdigital.easywebinar.live/srsupdate>

UAC webinar: ATAR Release, Preferences and Offers

1 Dec 2021. 6pm

We'll discuss how to manage course preferences to maximise your chances of an offer once you've received your ATAR, explain offer rounds and how to defer your offer, and give answers to the most commonly asked questions.

<https://uacdigital.easywebinar.live/atarrelease>

Main Dates Coming Up

- SRS first offers released – 12 November
- ATARs for NSW HSC students will now be released at 9am on Thursday 20 January 2022.
- ATARs for ACT Year 12 students will now be released at 9am on Thursday 20 January 2022.
- January Round 2 will now be the first ATAR-based offer round. The deadline for changing preferences for January Round 2 will be midnight on Friday 21 January 2022.
- HSC results released by NESA – 24 January 2022
- January Round 2 offers will be released at 7.30am on Wednesday 26 January 2022.

Changes to other UAC dates will be confirmed as soon as possible, as will the arrangements for ACT ATARs. Information for NSW and ACT students applying interstate, and interstate students applying to NSW and ACT universities, will also follow.

Educational Access Schemes

EAS application and document deadline for January Round 2 will be midnight Friday 17 December 2021.

EAS eligibility letters will be released progressively from Friday 21 January 2022 to all applicants with finalised assessment for January Round 2.

Stay up to date with the latest information:

[NSW Education Standards Authority updates](#) about measures they are taking for Year 11 and 12 students.

[ACT Board of Senior Secondary Studies COVID-19 updates.](#)

[UAC COVID-19 update](#)

Extension of EAS to include additional COVID-19 payments

The Educational Access Scheme (EAS) will be extended to include applicants in Year 12 whose parent/s and/or guardian/s have received the COVID-19 Disaster Payment, JobSaver payments or Pandemic Leave Disaster Payment (to care for a COVID-19 positive person) for a period of 3 months or more.

We encourage applicants to apply and upload documents to support these additional disadvantages under the category of Financial hardship, code FO1K. The wording in the application will be updated shortly.

[Documents required are here.](#)

UAC PIN Reminder

All 2021 NSW HSC and ACT Year 12 applicants have had their UAC PIN emailed to them. For students who have not yet applied through UAC, we'll be sending a PIN reminder email on Thursday 23 September.

If students are having problems logging in to the UAC application, the quickest and easiest way for them to get help is to call UAC Customer Service on (02) 9752 0200, 8.30am to 4.30pm Monday to Friday. We don't reply to email requests for login details as we need to identify the sender before giving out this information.

National Art School Open Day Coming Up

13 November 2021. 10am to 4pm

The National Art School is Australia's leading fine art school, with an unrivalled studio-based teaching model that has delivered a rich tradition of artistic practice and generations of world-renowned alumni for the past 100 years. Leading into the 21st Century, NAS provides a progressive and holistic art education, and invites the public to join us on Open Day to share our creative community. You can explore our campus, meet our faculty and students and get advice about your study options and the application process.

CQ University's Principal's Recommendation Scheme - Apply directly to CQ University

Closes 1 December 2021

To apply via the Principal's Recommendation Scheme, you will need to apply for the course you are interested in directly with CQUniversity via our [online application portal](#).

Make sure you upload your school Principal's recommendation letter with your application as your application cannot be progressed without it.

To help you with your application, view our [instructions](#) on how to apply.

Our Principal's Recommendation Scheme is an early offer scheme that allows Year 12 students to apply to an undergraduate CQUniversity course based on the recommendation of their high school Principal rather than ATAR. Open to all Year 12 students, the Scheme is designed to assist capable students to access entry to CQUniversity, it in no way provides relaxation of the quality and academic standards that students must meet to successfully complete their degree.

UOW College Certificate III in Fitness for Year 11 & 12 students

Students will learn from industry experts using the high performance training facility located at the UOW UniActive gymnasium. Whilst this course is highly practical in nature it also aims to prepare you academically for further study. Upon completion of the statement of attainment, you may apply to study the remaining units required to be awarded the full SIS30315 Certificate III in Fitness qualification.

As a part of this course, you will learn from experts in Strength and Conditioning, Nutrition, Exercise Physiology, Customer Service, Communication and First Aid. You will have use of the UOW's own high performance training facility, accessing the latest programming equipment and attend tutorials and workshops with local industry experts in the field of Sport and Exercise Science. This course also includes mandatory work placement with the UOW UniActive gymnasium or Innovation Gymnasium.

The UOW College eVET (Vocational Education & Training) program provides a range of course options that you can study while you are completing years 11 and 12.

UNSW Indigenous Pre-programs and IAS applications are open

The UNSW Science and Engineering Indigenous Preparatory Program is a free online program to support Indigenous students to transition to university and to apply for alternative entry into an UNSW Science or Engineering undergraduate degree. For more information about this, and the Indigenous Admission

Scheme: <https://www.indigenous.unsw.edu.au/future-students/pathways-unsw/indigenous-pre-programs>

What is UNSW Portfolio Entry?

The deadline will be in December - the exact date will be confirmed soon.

With UNSW Portfolio Entry, your pathway into uni is unique - just like you.

UNSW Portfolio Entry includes

- Art & Design Portfolio Entry,
- Built Environment Portfolio Entry,
- Bachelor of Information Systems Admissions Scheme (BISAS) and the
- Faculty of Engineering Admissions Scheme (FEAS).

Here at UNSW, we want to reward your passion, creativity and potential to succeed in your degree area. That's why we offer UNSW Portfolio Entry, which gives you the opportunity to demonstrate your passion and talent, alongside your ATAR.

If this sounds like you, we want to see your portfolio submission. It's an easy, online process, and can only ever boost your chances of admission. What you submit in your portfolio will depend on which degree you're interested in.

Remember, your UNSW Portfolio Entry submission needs to be completed in addition to your UAC application.

Please note, individual faculties may decide to open a second round to accommodate more applications after ATARs are released. The second round will be dependent on the number of places available in the program.

Portfolio Entry gives you the opportunity to demonstrate your passion and talent, alongside your ATAR.

UNSW Portfolio Entry is one, easy online process. You'll select up to three degrees that you're interested in and be guided through what you need to submit

All domestic student high school leavers who are applying for an eligible degree, and expecting an ATAR within 10 points of the lowest selection rank for your degree (unless otherwise stated)

JMC Vocal Masterclass with Clare McLeod

18 October 2021

Before your listener hears your voice, there are several filters in the path. This session will help you explore the factors that contribute to clarity, expressiveness and remove unwanted barriers to communicating your intent. Resonance is the result of how you shape the sound: the vowels and consonants combinations can be achieved in a variety of ways. Your experience of airflow is also affected by your choices. Come ready to debunk some of the myths about projection, intensity and airflow.

JMC Songwriting Masterclass with Patt Pattison

25 October 2021. 10.30am to 12.30pm

Pat's masterclasses take already strong songs and put them through a workout until they emerge trim and toned. In this session, Pat will look at selected songs and take the time to work out any kinks, focusing on prosody between the intent of the song and structure, rhyme, rhythm, point of view, phrasing, and many other tools that have proven so useful to Grammy winners John Mayer and Gillian Welsh and seminar participants across the globe.

GENERAL

Meet 10 people in the event industry

We asked 10 young people who have found a home in the exhibition and event industry to tell us about their career and what makes the industry so appealing. Through their eyes you can see why many who enter the industry never leave. It can take you all around the world, while small enough that you feel part of our family and team.

Wesley Youth and Young Adult Support

Through a range of programs we can help you:

- access safe and affordable accommodation
- get support for mental health, addictions, family breakdown and/or financial stress
- access appropriate services and advocate on your behalf
- explore options for medium and long-term housing
- discuss and explore pathways to employment
- develop a rental accommodation assistance plan

We operate in locations across Sydney's Inner West, as well as the Mid North Coast of New South Wales and Coffs Harbour. As well as accommodation support, Wesley Mission has a range of support services in each region to help young people facing homelessness or other hardships

Assistants in Nursing - Their Important and Growing Role

Anyone who relishes the idea of caring for people as a living may decide that a career in the medical world is a good choice. However, not everyone is suited to becoming a medical professional such as a doctor, nurse or physiotherapist. For people who want to help, without having one of these roles, there is the option of becoming an assistant. For instance, there are [Allied Health Courses](#) which people can take in order to qualify for a role in assistance. Allied health assistants provide assistance to health practitioners including physiotherapists, occupational therapists, podiatrists, speech pathologists and dietitians. Another option is to become an assistant in nursing.

How to Transition to Tertiary Education - Helpful Hints for People with Autism Spectrum Disorder.

Congratulations on deciding to undertake tertiary study at university or TAFE. You will encounter many changes with this transition: a new physical environment, different teaching and learning approaches, and new expectations of you as a student.

Coping with change and transition can be difficult for many people, and if you are on the Autism Spectrum you may find it particularly challenging.

The information was developed as two booklets. These booklets discuss many changes to expect, but cannot predict all possible changes you may experience. Each university or TAFE is different; each campus is different; the staff are different; the students are different; and the way you experience it may be different as well. Nevertheless, a good logical approach to planning will help you cope with the transition

Science Extension Workshop

15 or 22 October 2021. 9am-2:30pm

Cost: free

Audience: HSC science extension students

Supervision: students must be booked and supervised by a teacher

Format: Online Zoom platform

[Register your class today](#)

Spend a day learning about the HSC science extension course exploring best scientific practice, experimental design, research techniques and reviewing statistical analysis of data.

We will focus on Modules 2 and 3 of the Science Extension course. Half the day will be spent exploring best practice experimental design and identifying potential challenges, with a view to good designs producing good analyses.

The other half of the day will be an exploration of various statistical hypothesis tests as detailed in the syllabus. This is also a chance for you and your students to meet some of our PhD student mentors. PhD candidates from across the faculty have volunteered their expertise to provide advice for your students as they undertake this exciting dive into authentic scientific research.
